Scope and Content

Set of postcards documenting the group show: *Convergence at E116°/ N40°*, curated by Feng Boyi, held in Beijing in 2005. Organised by Platform China Contemporary Art Institute, the show was held at the Institute as well as 798 Art Zone; and East End Art Zone.

"This exhibition tries to place itself in between the feeling of hope and the feeling of concern modernization produces. Although this topic is probably full of contradictions, it conveys plenty of energy and hope. Even if it doesn't match with an ideal standard, the energy the topic radiates is far beyond our imagination." (38 postcards ; 37 photographs)
